Examiner's Statement of Reasons for Allowance

1. Claims 1-29 are allowable over the prior of records.
2. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 1, 9, 28, 39 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior arts. Prior art fails to teach an electrical router back plane comprising a first power distribution layer between layer of a second dielectric material, the first power distribution layer comprising a supply power distribution plane and a return power distribution plane separated by a layer of the second dielectric material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The remaining claims, not specifically mentioned, is allowed for the same reason above.
